

Stephanie Konefal (Educational Assistant)

Stephanie Konefal has been an educational assistant with BCA for five years. After she received her BA from Brock University she began to volunteer and work with Erin Oak Kids where she truly found her calling for becoming an EA. She is happy to be a member of the BCA learning community and looks forward to this new year. When she's not working with students, playing guitar in chapel, or helping in the classroom, Stephanie can be found at the movies or front row to see her favourite bands.

You can't spell

TEAM

without an EA.
