

Jude Kudera (Music)

This is Jude's third year at BCA and will be teaching music, science, and computers. He has served as Director of Music and Head of Science for many years. Jude has taught music from Grades 1-8 and has developed and implemented curriculum to meet and exceed the Ontario Music Curriculum guidelines. Jude is also part of our worship team and assists in the setup of audio/technical equipment. This year, Jude is excited to assist with the school's social media and maintain the school website.

In addition to his teaching experience, Jude also is an organist and Minister of music at his church. During his spare time, Jude volunteers at his church where he serves on multiple committees.
