

Heather Bruinsma (Grade 2)

Heather is thrilled to be teaching grade 2 again this year. Before coming to BCA, she previously taught in the United Arab Emirates for 6 years. She has her B.A in English from McMaster University, her B.Ed from Lakehead University, and completed her Special Education Specialist at Queens University. When she's not at school Heather volunteers with the Girl Guides of Canada, plays violin with the Brantford Community Symphony Orchestra, and loves growing veggies in her garden. She usually has several plants growing in her classroom as well.
