

Brie Chapman (Grade 1)

Brie is excited to be teaching Grade 1 this year! She has been part of our BCA family for 10 years and received both her BA Honours and Bachelor of Education from Nipissing University/Schulich School of Education in North Bay, Ontario. Brie has always had a passion to teach children, to help them learn about and grow to love Jesus, and to provide a safe and nurturing environment for them. These characteristics are foundational to the way she teaches and interacts with her students in the classroom on a daily basis.

In addition to teaching, Brie enjoys coaching some of our sports teams and sports events, co-leading our BCA choir, and serving on our worship team.

Brie loves the north and the outdoors, camping, fishing, music, and spending time with her husband and their four young children.
